- Marriage and civil partnership

The Parish Council is committed to delivering excellent customer service. We recognise the different needs of our customers and minimise potential issues of exclusion and discrimination. The process of Equality Impact Assessments allows us to consider in detail how our policies and functions could be further changed to make services even more accessible.

The Council also aims to provide inclusive, respectful and discrimination-free work environment for our staff. We use best practice in employment in accordance with legislation. This ensures that employees feel respected and able to give their best. As far as possible, we would like our workforce to be broadly representative of all sections of society.
